ELECTION OF SPECIES

Hon. Asst. Commissioner For Patents
Washington, D.C. 20231

Sir:

In response to the official office action of September 15, 2004, applicants elect Species (I) which is associated with FIGS. 2-3 and claim 6 for examination and prosecution, and cancel Species (II) which is associated with FIGS. 4-6 and claims 7-8. However, applicants traverse on the grounds that Species (I) and (II) are different embodiments of the same invention, namely a means for pivoting said mirror pane longitudinally. Also, there is no change as to inventorship in regards to this election of species.

Respectfully Submitted,
For: Breck Bullock et al
